LATROBE VALLEY DODGEBALL LEAGUE

Expectations and roles of LVDL team captains

07/10/2021

The LVDL Executive Committee are here to support, advise and assist captains where possible whenever they identify that they need help. Examples – You may have questions/issues around internal team issues or managing complaints from players, gameplay rules or are simply wanting to volunteer your services to help the league more.

The Executive Committee appreciates the unique position that Captains are in to be a valuable peer league member, which in turn assists us to run this community-based league more successfully and efficiently. We are actively seeking your participation and engagement to allow these processes to occur and run more smoothly for the betterment of everyone.

An example of this is that at times we may ask Team Captains to vote or give feedback on proposed changes that will affect the league as a whole. It is expected that you will communicate with your team (if requested) regarding these matters and respond so the Executive Committee can make informed decisions in managing the league.

It is important to understand that LVDL captains are also by default identified as leaders within the LVDL community and that you are seen as role models to other players, both in setting standards of play and demonstrating acceptable sporting behaviours (e.g. cheating and conflict resolution within your team). The executive committee needs your assistance to help us run the league efficiently and effectively and to help us improve and maintain the leagues overall wellbeing, sense of community and fun.

We also understand the role of Captain can be challenging at times. If at any time you have any questions or concerns regarding your role as a Team Captain or if you just need advice or support, please contact any member of the LVDL Executive Committee. The LVDL Executive Committee look forward to collaborating with both new and returning captains. See you all on the Courts.
